Woolgoolga High School welcomes new teaching staff

Mrs Melissa Hyder

Mrs Hyder is our new teacher in the Social Science faculty. She is a specialist teacher in the subjects of Geography, Business Studies and Economics and comes to us (most recently) from Kyogle High School and previously from Evans River K-12 School.

Mrs Hyder’s first impression of WHS and area is that we are lucky to have beautiful school grounds, friendly students and staff and are surrounded by great beaches. She is looking forward to “surviving her first year with a smile” and showing her well-formed passion for Geography – a subject children can see, touch and hear – daily interaction with the environment.

Mr Kristen Oates

Mr Oates is the Head Teacher Technological & Applied Studies or TAS. He comes to us with expertise in Industrial Technology, Graphics, Construction VET and Technology Mandatory. He most recently taught at Quirindi High (near Tamworth) and Vincentia High (near South Coast NSW). Mr Oates is very impressed with the view over the ocean that we have in the area and the rain (that we receive). He is looking forward to “new experiences” and would like to help make the school a good place to work and learn. Mr Oates’ emphasis is on helping students to achieve at their maximum potential.

Mrs Christine Duver

Mrs Duver is Mr Griffin’s very capable replacement while he is on leave for the duration of 2013. She is an agricultural specialist with international and Australian experience in the farming industry having worked on large farms including dairy, fruit and vegetable, pig, sheep and beef. Mrs Duver is also a qualified EFA horse riding instructor. Mrs Duver is impressed by the friendly and enthusiastic students and supportive staff at WHS and is looking forward to getting to know a new community. Mrs Duver is hoping to give students a better understanding of how food is produced and a desire to find out how it will be produced in the future with the technological advances currently being developed and yet to be thought of.

Our first week back at school has seen the students arrive refreshed after their summer holiday and looking forward to a very productive year ahead.

During the holiday break WHS received exciting news that Lochlan Gould was awarded the prestigious Coffs Harbour Young Citizen of the Year Award at the Australia Day Ceremony. This is the third consecutive year this award has been presented to a Woolgoolga High School student and reflects the dedicated efforts of our teaching staff in nurturing and developing leadership in all our students. Also receiving Australia Day acknowledgement were Anika Morgan, Rhiannan Glattback and Luke Featherstone for their brave rescue at Woolgoolga Beach.

This year we have two new permanent teachers, Kris Oates from Quirindi High School, our new Head Teacher TAS and Melissa Hyder who will join the Social Science Faculty. From the beginning of 2013 we have combined two faculties, Home Economics and Industrial Arts to form a Technology and Applied Studies or TAS faculty and Mr Oates will fill this position with a wealth of knowledge and skills. Ms Hyder is an extremely capable teacher and will bring her extensive skillsets in Economics, Business Studies and Geography to our school and has already made a positive impact with our senior students. We also welcome Christine Duver who will take charge of Agriculture for the year (while Mr Griffin is on leave) and looks forward to working with our students.

Our swimming carnival was held last Wednesday and even the occasional downpour could not dampen the spirits of our students. This carnival not only showcased the sporting prowess of our dedicated sports people, but is a time for staff and students to interact in an informal situation, building the much needed positive relationships that will continue into the classrooms. Next Wednesday 13 February we continue the swimming carnival with all Year 7 students attending and Year 8 to 12 competitors only.

We welcome to the school our excited new Year 7 students, totalling in number of 180, some of who had a few anxious moments navigating their way around the school but overall it was a great beginning to their first high school year. The new Year Advisers, Jo Rees and Karen Dorahy have had a very busy week ensuring the transition to high school went smoothly.

A Gifted and Talented Multimedia Class has started in Year 9 and these students will sit the HSC for this subject in 2015 as Year 11 students. It was endeavoured to limit the class to 24 students, however I could not deny any of the highly motivated students from being included and now the class stands at 27. Mr Bordignon informs me that they are very capable students and ensures me that they will gain a very high mark in this subject at the HSC. Mrs Young has accelerated her Year 11 class in Mathematics and they will sit the HSC this year. I have observed this highly motivated group and Mrs Young is working hard to bring out the best in them.

Next Tuesday 12 February the electricity will be disconnected from the school for the whole day. I explained to Essential Energy that we did not want to close the school and they agreed to pay a local electrician to supply a large generator for the day to minimise disruption to the school. I have been informed that the school will have no power issues and I thank Essential Energy for their cooperation.

The next P&C Meeting will be held this Tuesday 12 February at 6.30pm in the staff common room and all parents, caregivers and community members are most welcome.

The Year 9 laptops have arrived and will issued next week at a parent information night. It is a legal requirement that parents and caregivers sign and understand the legal paperwork prior to laptops being issued to students. There is a change in the laptop program for 2013, the laptops remain the property of the school and as students graduate or leave the school the laptop must be returned to the school.

Mrs Rook will be running a Year 9 NAPLAN information session on Monday 18 February from 6.30 to 7.30pm with a tips and tricks session that will be combined with the laptop rollout night. This is a must for all to attend so look out for the notice that will be sent home with students.

Our staff looks forward to another outstanding year for Woolgoolga High.

Until next time
Guy Wright
Principal
Starting high school is a very exciting time in your life. Some of you may be nervous about starting high school, as it is a very different experience to primary school. The important thing to remember is that you are not alone. As your Year Advisers, Mrs Dorahy and Ms Rees are here to help and support you during this transition, and throughout the rest of your high school years. There are also many other staff and students who are here to support you during your time at Woolgoolga High School.

We are both looking forward to sharing your journey over the next six years. We will work together as a year group to make these years happy, rewarding and a pathway into lifelong learning.

**Students’ Photographs**

**Valentine’s Day Fundraising**

Valentine’s Day is fast approaching. Get in quick and place your order at the Valentine’s Day shop in the Library BEFORE the day. All items have free ribbon, cellophane wrapping and card included. Stock is limited.
Ag Farm

Year 7s have started preparing their gardens and fifty baby chicks have arrived from Queensland and we have two very friendly Alpacas who have joined our flock of Dorper sheep.

Jason Lloyd (Farm Assistant) is busy building an enclosure for our new blueberry plantation and we are very excited to have this fruit grow and provide produce over the next couple of years.

I have been really impressed with the enthusiasm of all the Agriculture students and look forward to a productive and fun year with them all. Mrs Duver (Ag teacher)

In 2013 the North Coast Public Health Unit will again be offering a vaccination service at our school.

Boys in NSW high schools will be offered human papillomavirus (HPV) vaccination from 2013 to provide protection against developing infections that can lead to cancer.

In the 2013 the 3-dose course of vaccine will be offered for the first time to:

Year 7 boys as part of the routine school based vaccination program

Year 9 boys as part of the national “catch up” program in 2013 and 2014 only.

The vaccine is highly effective in preventing the main type of HPV infection and is most effective when it is given to people before they are exposed to the virus. As well as protecting males from HPV infections, immunising young men will also help protect women from infection.

The vaccine is registered for use from 10 years of age and is only provided free for all students who commence the course in Year 7 and boys only in Year 9.

The schedule for this year is as follows:

**Year 7—all students**

- Gardasil (HPV) vaccine—3 doses: March 14, June 6, October 24
- Hepatitis B—2 doses: March 14, October 24
- Varicella (Chickenpox) vaccine—1 dose: June 6,
- Boostrix (diphtheria, tetanus and whooping cough) vaccination—1 dose: June 6

**Year 9 students—boys only**

- Gardasil—dose 1: March 15
- Gardasil—dose 2: June 7
- Gardasil—dose 3: October 24

A Parent Information Kit will be provided for each vaccine offered. This kit contains information about the vaccine and the disease that it protects against as well as a consent form.

A record of vaccination will be kept by the Public Health Unit and a copy will be provided to the vaccinated student for their records.

Please understand if your child’s vaccinations are not commenced in Year 7 or Year 9 (boys HPV only), you can access this vaccine through your local doctor but the vaccine will not be free of charge.

Parents/guardians who wish to withdraw their consent for any reason may do so by writing to the school Principal.

Parents with any questions or concerns can ring Bernadette at the Public Health Unit on 66 207 503.
Woolgoolga High is offering an exclusive price on ‘Maths Online’ tutoring.

Website cost is $197 but when you register through WHS this is reduced to only $20 per student — for a whole year of Maths tutoring!

Permission notes available from the Maths Staffroom.

By the time students arrive home after the event, they will be able to create their own commercial grade 3D World with hills, ocean, sky and trees which blow in the wind. They will also learn how to import vehicles to make a fun driving game, write simple artificial intelligence code, character animation code as well as learn the 12 most important coding concepts needed to create games for all major platforms, mobile devices and games consoles.

All students would benefit enormously from this experience.

Every student receives links to the free commercial grade development software, access to a library of game development resources and video tutorials to use at home valued at over $3500 – these resources include vehicle packs, 3D models, scripts, terrain tools, an amazing weather simulator and a fully scripted 10 level physics game.

**Leave Pass for School Sport**

_Student and Parents/Caregivers are reminded that School Sport is a compulsory requirement of schooling. Students who cannot avoid an appointment on a Wednesday afternoon during sport time must follow the correct procedure to leave school grounds._

1. **Students must bring a note from home and submit this to their relevant Deputy Principal before school on Wednesday morning.**

2. **After approval for leave is granted by the Deputy, students take their note to the front office where a ‘leave pass’ will be given to the student stating the time they will be departing school grounds.**

3. **Students may leave school grounds at the time that the ‘leave pass’ states.**

   *Failing to follow the above procedures may result in your child having fractional truancy on their record and a demotion in the school welfare merit system.*
